In the absence of any direction in the instrument of proxy, it is intended that such shares will be voted in favour of the resolutions placed before the Meeting by management and for the election of the management nominees for directors and auditor, as stated under the headings in this Information Circular. The instrument of proxy enclosed, when properly completed and deposited, confers discretionary authority with respect to amendments or variations to the matters identified in the Notice of Meeting and with respect to any other matters which may be properly brought before the Meeting. At the time of printing of this Information Circular, the management of the Company is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting. However, if any such amendments, variations or other matters should properly come before the Meeting, the proxies hereby solicited will be voted thereon in accordance with the best judgement of the nominee.

ADVICE TO BENEFICIAL HOLDERS OF COMMON SHARES

Only registered holders of common shares of the Company or the persons they validly appoint as their proxies are permitted to vote at the Meeting. However, in many cases, common shares beneficially owned by a person (a “**Non-Registered Holder**”) are registered either: (i) in the name of an intermediary (an “**Intermediary**”) (including banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFFs, RESPs and similar plans) that the Non-Registered Holder deals with in respect of the shares, or (ii) in the name of a clearing agency (such as the Canadian Depository for Securities Limited) of which the Intermediary is a participant.

Distribution to NOBOs

In accordance with the requirements of the Canadian Securities Administrators and National Instrument 54-101, “Communication with Beneficial Owners of Securities of a Reporting Issuer” (“**NI-54-101**”), the Company will have caused its agent to distribute copies of the Notice of Meeting and this Circular (collectively, the “**meeting materials**”) as well as a Voting Instruction Form directly to those Non-Registered Holders who have provided instructions to an Intermediary that such Non-Registered Holder does not object to the Intermediary disclosing ownership information about the beneficial owner (“**Non-Objecting Beneficial Owner**” or “**NOBO**”).

These securityholder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for Voting Instruction Form enclosed with mailings to NOBOs.

The meeting materials distributed by the Company’s agent to NOBOs include a Voting Instruction Form. Please carefully review the instructions on the Voting Instruction Form for completion and deposit.

Distribution to OBOs

In addition, the Company will have caused its agent to deliver copies of the meeting materials to the clearing agencies and Intermediaries for onward distribution to those Non-Registered Shareholders who have provided instructions to an Intermediary that the beneficial owner objects to the Intermediary disclosing ownership information about the beneficial owner (“**Objecting Beneficial Owner**” or “**OBO**”).

Intermediaries are required to forward the meeting materials to OBOs unless an OBO has waived his or her right to receive them. Intermediaries often use service companies such as **Broadridge Proxy Services** to forward the meeting materials to OBOs. Generally, those OBOs who have not waived the right to receive meeting materials will either:

- (a) be given a form of proxy **which has already been signed by the intermediary** (typically by a facsimile stamped signature), which is restricted as to the number of shares beneficially owned by the OBO, but which is otherwise uncompleted. This form of proxy need not be signed by the OBO. In this case, the OBO who wishes to submit a proxy should properly complete the form of proxy and deposit it with Computershare Investor Services Inc. in the manner set out above in this circular, with respect to the common shares beneficially owned by such OBO; **OR**
- (b) more typically, be given a voting registration form which is not signed by the Intermediary and which, when properly completed and signed by the OBO and returned to the Intermediary or its service Company, will constitute authority and instructions (often called a “**proxy authorization form**”) which the Intermediary must follow. Typically, the proxy authorization form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the proxy authorization form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label containing a bar-code or other information. In order for the form of proxy to validly constitute a proxy authorization form, the OBO must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service Company in accordance with the instructions of the Intermediary or its service Company.

In either case, the purpose of this procedure is to permit the OBO to direct the voting of the shares he or she beneficially owns.

Should a Non-Registered Holder who receives one of the above forms wish to vote at the Meeting in person, the Non-Registered Holder should strike out the names of the persons named in the form and insert the Non-Registered Holder’s name in the blank space provided. In either case, Non-Registered Holders should carefully follow the instructions, including those regarding when and where the proxy or proxy authorization form is to be delivered.

RECORD DATE

The Company has set the close of business on **November 8, 2023** as the record date (the “**Record Date**”) for the Meeting. The common shareholders of record, as at the Record Date, are entitled to receive notice of and to vote at the Meeting subject to the provisions described above.

B. Compensation Discussion and Analysis

Compensation Program Objectives

The Company's compensation policies and programs are designed to be competitive with similar junior resource exploration companies and to recognize and reward Executive performance consistent with the success of the Company. These policies and programs are intended to attract and retain capable and experienced people. The Board of Directors' role and philosophy is to ensure that the Company's goals and objectives, as applied to the actual compensation paid to the Company's President and Chief Executive Officer and other Executive officers, are aligned with the Company's overall business objectives and with shareholders interests.

In addition to informal industry comparables from publicly available information, the Board of Directors considers a variety of factors when determining both compensation policies and programs and individual compensation levels. These factors include the long-range interests of the Company and its shareholders, overall financial and operating performance of the Company, and the Board of Directors' assessment of each Executive's individual performance and contribution toward meeting corporate objectives. Performance is also recognized through the Company's incentive option plan.

The Company established a Compensation Committee in fiscal 2013. In determining the appropriate base salary of an executive officer, the Compensation Committee considers the responsibilities of the individual, comparable salaries in the industry, the experience level of the individual and overall performance. Once the base salary has been established, it will be reviewed by the Compensation Committee on an annual basis. The Board of Directors makes the final determination regarding the Company's compensation programs and practises.

The Compensation Committee will review, on an annual basis, the cash compensation, option-based awards, performance and overall compensation package for each NEO. The Compensation Committee will then present its findings and any recommendations to the Board for consideration and, if acceptable to the Board, for approval. The Compensation Committee recognizes the need to provide a total compensation package that will attract and retain qualified and experienced executives as well as align the compensation level of each of the NEOs.

Elements of the Compensation Program for Fiscal Year 2022

The total compensation plan for the NEOs is comprised of two components: base salary or/and consulting fees and stock options. There is no policy or target regarding cash and non-cash elements of the Company's compensation program. The Board of Directors annually reviews the total compensation of the Company's Executives against the backdrop of the compensation goals and objectives described above.

Base Salary

As a junior exploration resource Company with no ongoing cash flow or revenues from production, the Company establishes salaries to its Executive officers at a level in keeping with the Company's available resources.

Stock Options

The Company has a Stock Option Plan in place for the granting of stock options to the directors, officers, employees and consultants of the Company. The purpose of granting such stock options is to assist the Company in compensating, attracting, retaining and motivating such persons and to closely align the personal interest of such persons to that of the Company's shareholders, having regard to the fact that the Company has no ongoing cash flow or revenue from production and, as a result, there are limited funds available for the payment of salaries or consulting fees. The allocation of options under the Company's Stock Option Plan is determined by the Board of Directors which, in determining such allocations, considers such factors as previous grants to individuals, overall Company performance, share price, the role

and performance of the individual in question, the amount of time directed to the Company's affairs and time expended for serving on the Company's Committees.

Risk Considerations

The Board of Directors intends to review from time to time and at least once annually, the risks, if any, associated with the Company's compensation policies and practices at such time. Such a review occurred at the time of preparation of this Compensation Discussion & Analysis. Implicit in the Board of Directors' mandate is that the Company's policies and practices respecting compensation, including those applicable to the Company's Executives, be designed in a manner which is in the best interests of the Company and its shareholders and risk implications is one of many considerations which are taken into account in such design.

It is anticipated that a portion (set at a level consistent with its industry peers) of the Company's Executive compensation will consist of options granted under the Plan. Such compensation is both "long term" and "at risk" and, accordingly, is directly linked to the achievement of long term value creation. As the benefits of such compensation, if any, are not realized by the Executive until a significant period of time has passed, the ability of Executives to take inappropriate or excessive risks that are beneficial to them from the standpoint of their compensation at the expense of the Company and its shareholders is extremely limited.

The other element of compensation, salary, or consulting fees, represents the remaining portion of an Executive's total compensation. While salary or consulting fees, are not "long term" or "at risk", as noted above, this component of compensation represents a relatively small part of the total compensation and as a result it is unlikely that an Executive would take inappropriate or excessive risks at the expense of the Company and its shareholders that would be beneficial to them from the standpoint of their short term compensation when their long term compensation might be put at risk from their actions.

Due to the small size of the Company, and the current level of the Company's activity, the Board of Directors is able to closely monitor and consider any risks which may be associated with the Company's compensation policies and practices. Risks, if any, may be identified and mitigated through regular Board meetings during which, financial and other information of the Company are reviewed, and which incorporation includes Executive compensation. No risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

There are no policies in place pursuant to which an NEO or director is permitted to purchase financial instruments including for greater certainty, prepaid variable forward contracts, equity swaps, collars, units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by an NEO or director.

C. Director and Named Executive Officer Compensation

Executive Compensation is required to be disclosed for the (i) Chief Executive Officer (or individual who served in a similar capacity during the most recently completed financial year), (ii) Chief Financial Officer (or individual who served in a similar capacity during the most recently completed financial year), (iii) in respect of the Company and its subsidiaries, the most highly compensated executive officer other than the individuals identified in paragraphs (i) and (ii) at the end of the most recently completed financial year whose total compensation was more than \$150,000 for that financial year; and; and (iv) each individual who would be a named executive officer under paragraph (c) but for the fact that the individual was neither an executive officer of the Company, and was not acting in a similar capacity, at the end of that financial year..

3. Orientation and Continuing Education

The Board of Directors of the Company briefs all new directors with the policies of the Board of Directors, and other relevant corporate and business information. New directors are encouraged to ask questions to clarify any issues that they

may have with respect to their roles and responsibilities as a director. The Board is notified of any material changes in reporting or regulations that may have an impact on their duties via e-mail from the CEO or Corporate Secretary.

Directors are kept informed as to matters impacting, or which may impact, the Company's operations through reports and presentations at the Board meetings. Directors are also provided the opportunity to meet with senior management and other employees, advisors and directors, who can answer any questions that may arise.

4. Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Under the corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Company and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances, and disclose to the Board the nature and extent of any interest of the director in any material contract or material transaction, whether made or proposed, if the director is a party to the contract or transaction, is a director or officer (or an individual acting in a similar capacity) of a party to the contract or transaction or has a material interest in a party to the contract or transaction. The director must then abstain from voting on the contract or transaction unless the contract or transaction (i) relates primarily to their remuneration as a director, officer, employee or agent of the Company or an affiliate of the Company, (ii) is for indemnity or insurance for the benefit of the director in connection with the Company, or (iii) is with an affiliate of the corporation. If the director abstains from voting after disclosure of their interest, the directors approve the contract or transaction and the contract or transaction was reasonable and fair to the Company at the time it was entered into, the contract or transaction is not invalid and the director is not accountable to the Company for any profit realized from the contract or transaction. Otherwise, the director must have acted honestly and in good faith, the contract or transaction must have been reasonable and fair to the Company and the contract or transaction be approved by the shareholders by a special resolution after receiving full disclosure of its terms in order for the director to avoid such liability or the contract or transaction being invalid.

5. Nomination of Directors

The Board of Directors is responsible for identifying individuals qualified to become new Board members and recommending to the Board new director nominees for the next annual meeting of the shareholders.

New nominees must have a track record in general business management, special expertise in an area of strategic interest to the Company, the ability to devote the time required, shown support for the Company's mission and strategic objectives, and a willingness to serve.

6. Compensation

The Board of Directors conducts reviews with regard to directors' compensation once a year. To make its recommendation on directors' compensation, the Board of Directors takes into account the types of compensation and the amounts paid to directors of comparable publicly traded Canadian companies.

7. Other Board Committees

Other than the Audit Committee, the Board has determined that the standing committees at this stage of the Company's development shall be:

Committee	Members
Compensation	Adam Knight (Chairperson) Dustin Henderson Mark Abrams

8. Assessments

The Board of Directors monitors the adequacy of information given to directors, communication between the Board and management and the strategic direction and processes of the Board and Committees. The Board does not consider that formal assessments would be useful at this stage of the Company's development. The Board conducts informal annual assessments of its effectiveness, the individual Directors and each of its committees.

9. The Compensation Committee

The Compensation Committee has adopted a formal written mandate to provide its members with minimum guidelines to assist the Compensation Committee with fulfilling its responsibilities. The main duties of the Compensation Committee include:

- to annually evaluate the performance of the President and Chief Executive Officer of the Company;
- to annually review the compensation of the President and Chief Executive Officer of the Company, including annual, long-term and other compensation;
- to annually review the compensation of senior management, other executive officers and key employees of the Company, including annual, long-term and other compensation;
- to annually review the compensation of directors in light of risks and responsibilities;
- to consider the implementation of short and long-term incentive plans proposed by management, to make recommendations to the Board with respect to the same and to annually review such plans after their implementation; and
- to annually review any other benefit plans proposed by management and to make recommendations to the Board with respect to their implementation.

AUDIT COMMITTEE AND RELATIONSHIP WITH AUDITOR

National Instrument 52-110 of the Canadian Securities Administrators ("NI 52-110") requires the Company, as a venture issuer, to disclose annually in its Information Circular certain information concerning the constitution of its Audit Committee and its relationship with its independent auditor, as set forth in the following.

A. Audit Committee Charter

The Company's Audit Committee is governed by an Audit Committee Charter, the text of which is attached as **Schedule "A"** to this Information Circular.

B. Composition of the Audit Committee 2022

The Company's Audit Committee is comprised of three directors, **Harvey Lalach, Adam Knight** and **Dustin Henderson**. As defined in NI 52-110, **Dustin Henderson** is not "independent" and **Harvey Lalach and Adam Knight** are "independent". Also as defined in NI 52-110, all of the Audit Committee members are "financially literate".

A member of the Audit Committee is "independent" if the member has no direct or indirect material relationship with the Company. A material relationship means a relationship which could, in the view of the Company's Board of Directors, reasonably interfere with the exercise of the member's independent judgment.

C. Relevant Education and Experience

NI 52-110 provides that a member of the Audit Committee is considered to be “financially literate” if he has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexities of the issues that can reasonably be expected to be raised by the Company.

All of the members of the Company’s Audit Committee are considered to be “financially literate”, as that term is defined in NI 52-110.

Mr. Harvey Lalach is a senior management executive with experience across diverse business sectors and organizations, including mineral exploration, ranging from start-ups to small cap in numerous private and public companies with over 28 years of administrative dealings with both Canadian and U.S. securities regulators. Areas of expertise include project management, operational management, budgeting, and reporting and analysis.

Adam Knight is a professional mining engineer with over 27 years of experience in both surface and underground mining, with a particular focus on projects in Nevada.

Dustin Henderson has 15 years Mutual Fund Industry experience and has been involved in the exploration mining industry, primarily with Canadian publicly listed mining companies, in roles ranging from: President, CFO, Director and Investor Relations for the last 18 years. Mr. Henderson holds a Bachelor of Business Administration with a concentration in Finance from Simon Fraser University and has passed Level 1 of the CFA exam.

The Board of Directors believes that the Audit Committee members have the relevant education and experience to comply with NI 52-110.

Since the commencement of the Company’s most recently completed financial year, the Company’s Board of Directors has not failed to adopt a recommendation of the Audit Committee to nominate or compensate an external auditor.

Since the effective date of NI 52-110, the Company has not relied on the exemptions contained in sections 2.4 or 8 of NI 52-110. Section 2.4 provides an exemption from the requirement that the Audit Committee must pre-approve all non-audit services to be provided by the auditor, where the total amount of fees related to the non-audit services are not expected to exceed 5% of the total fees payable to the auditor in the fiscal year in which the non-audit services were provided. Section 8 permits a Company to apply to a securities regulatory authority for an exemption from the requirements of NI 52-110, in whole or in part.

The Audit Committee has not adopted specific policies and procedures for the engagement of non-audit services. Subject to the requirements of NI 52-110, the engagement of non-audit services is considered by the Company’s Board of Directors, and where applicable the Audit Committee, on a case-by-case basis.

D. Audit Committee Oversight

At no time during the most recently completed financial year was a recommendation of the Audit Committee to nominate or compensate an external auditor not adopted by the Board.

E. Pre-Approval Policies and Procedures

The Audit Committee has not adopted any specific policies or procedures for the engagement of non-audit services beyond a review and approval process for such services.

F. External Auditor Service Fees

In the following table, “audit fees” are fees billed by the Company’s external auditor for services provided in auditing the Company’s annual financial statements for the subject year. “Audit-related fees” are fees not included in audit fees that are billed by the auditor for assurance and related services that are reasonably related to the performance of the audit or review of the Company’s financial statements. “Tax fees” are fees billed by the auditor for professional services rendered for tax compliance, tax advice and tax planning. “All other fees” are fees billed by the auditor for products and services not included in the foregoing categories.

The fees paid by the Company to its auditor in each of the last two fiscal years, by category, are as follows:

Financial Year Ending	Audit Fees ⁽¹⁾	Audit Related Fees	Tax Fees ⁽²⁾	All Other Fees
December 31, 2022	\$16,000	\$Nil	\$2,000	\$Nil
December 31, 2021	\$16,000	\$Nil	\$1,200	\$Nil

^{1.} “Audit Fees” include fees necessary to perform the annual audit and quarterly reviews of the Company’s financial statements. Audit Fees include fees for review of tax provisions and for accounting consultations on matters reflected in the financial statements. Audit Fees also include audit or other attest services required by legislation or regulation such as comfort letters, consents, reviews of securities filings and statutory audits.

^{2.} “Tax Fees” include fees for all tax services other than those included in “Audit Fees” and “Audit Related Fees”. This category includes fees for tax compliance, tax planning and tax advice. Tax planning and tax advice include assistance with tax audits and appeals, tax advice related to mergers and acquisitions and requests for rulings or technical advice from tax authorities.

G. Exemption

The Company is relying on the exemption provided by section 6.1 of NI 52-110 which provides that the Company, as a venture issuer, is not required to comply with Part 3 (Composition of the Audit Committee) and Part 5 (Reporting Obligations) of NI 52-110.

E. Incentive Stock Option Plan

Adoption of new Incentive Stock Option Plan

At the Meeting, shareholders will be asked to consider and, if thought advisable, to pass an ordinary resolution approving the renewal of the Stock Option Plan (the "New Plan"), which was adopted at the Company's last Annual General Meeting held December 19, 2022. The New Plan replaced the former Stock Option Plan which was most recently approved by Shareholders at the Company's 2022 Annual General Meeting held on December 19, 2022. The terms of the New Plan are similar to those of the former Plan but revised to specifically address the current policies of the Exchange

applicable to Option Plans. The purpose of the New Plan is to assist the Company in attracting, retaining and motivating directors, officers, employees and consultants to the Company and to closely align the personal interests of such directors, officers, employees and consultants with the interests of the Company and its shareholders. Options granted under the New Plan will be non-assignable and may be granted for a term not exceeding that permitted by the Exchange (currently ten years). A summary of the material aspects of the New Plan is as follows:

1. the adoption and implementation of the New Plan is subject to shareholder approval and acceptance by the TSX Venture Exchange;
2. the New Plan will be administered by the Company's Board of Directors or, if the Board so designates, a Committee of the Board appointed in accordance with the New Plan to administer the Plan;
3. the maximum number of shares in respect of which options may be outstanding under the New Plan at any given time is equivalent to 10% of the issued and outstanding shares of the Company at that time, less the number of shares, if any, subject to existing options;
4. following termination of an optionee's employment, directorship, consulting agreement or other qualified position, the optionee's option shall terminate upon the expiry of such period of time following termination, not to exceed 90 days (30 days if the optionee is engaged in providing investor relations services), as has been determined by the directors;
5. an option granted under the New Plan will terminate one year following the death of the optionee. These provisions do not have the effect of extending the term of an option which would have expired earlier in accordance with its terms, and do not apply to any portion of an option which had not vested at the time of death or other termination;
6. as long as required by Exchange policy, no one individual may receive options on more than 5% of the issued and outstanding shares of the Company (the "Outstanding Shares") in any 12 month period, no one consultant may receive options on more than 2% of the Outstanding Shares in any 12 month period, and options granted to persons employed to provide investor relations services may not exceed, in the aggregate, 2% of the Outstanding Shares in any 12 month period;
7. options may not be granted at prices that are less than the Discounted Market Price as defined in Exchange policy which, subject to certain exceptions, generally means the most recent closing price of the Company's shares on the Exchange, less a discount of from 15% to 25%, depending on the trading value of the Company's shares;
8. for any option which would otherwise expire during the period during which the Optionee was prohibited from trading in the Company's securities (a "Blackout Period"), the term of such option shall be extended such that the option shall expire at the close of business on the tenth business day subsequent to the date the Blackout Period has been terminated;
9. any amendment of the terms of an option shall be subject to any required regulatory and shareholder approvals; and
10. in the event of a reorganization of the Company or the amalgamation, merger or consolidation of the shares of the Company, the Board of Directors shall make such appropriate provisions for the protection of the rights of the optionee as it may deem advisable.

A copy of the New Plan will be available for review at the Meeting.

Directors' Recommendation

The Board has determined that the renewal of the New Plan is in the best interests of the Company and its shareholders and unanimously recommends that shareholders vote in favour of the ordinary resolution approving the renewal of the New Plan.

The form of resolution to be placed before shareholders at the Meeting is as follows:

“Be it Resolved that, as an Ordinary Resolution, with or without amendment:

1. The renewal by the Company of the Stock Option Plan as described in the management information circular dated November 8, 2023, prepared in connection with this annual general meeting of shareholders, is hereby approved, ratified and confirmed, with or without amendment.
2. The board of directors of the Company is authorized to perform such further acts and execute such further documentation as may be required to give effect to the foregoing."

The persons named in the form of proxy, if named as proxy, intend to vote such proxy in favour of the resolution to approve the renewal of the New Plan, unless a shareholder has specified in its proxy that its common shares are to be voted against the resolution. If no choice is specified by the shareholder to vote for or against the resolution referred to above, the persons whose names are printed in the enclosed form of proxy intend to vote in favour of the resolution. (In the event the resolution to approve the renewal of the New Plan is approved, the continuation of the New Plan will be subject to the Company receiving shareholder approval for the renewal thereof at subsequent Annual General Meetings.)
